

Grind

**Our GrowZorb Substrate
in Ground and Loose form!**

- High porosity for healthy root growth
- High availability of stored water
- Suitable for most growing systems
- Reusable, material easily washes away from roots
- Stable, material does not break down over time
- Clean circulate, runoff ready for use immediately
- Easy to disinfect if required
- Responds quickly to nutrients, additives or flushing

Home Microgreen Kit

Innovations in Precision Growing

GrowZorb Growing Mediums

**Lightweight
Easy to Use
Inert-Oxygen Rich
PH Neutral**

**5 Star
“Resort for Roots”**

“Best Fake Dirt Ever”

About GrowZorb

We design, develop and manufacture high-quality alternative grow mediums that support sustainable agricultural practices.

Why choose GrowZorb?

- Lightweight and clean, easy to use, install, remove and transport.
- No need for prewash, circulate is clean and ready to use immediately.
- Adsorption properties provide control of saturation, excess water is shed off and will not drown the plant.
- Structure will not break down over growing cycles.
- PH Neutral, non-reactive and irritant free.
- Pest resistant, GrowZorb has no food value and will not harbor pests naturally.
- Disposal friendly, reuse is preferred. When disposal is necessary GrowZorb has a fraction of the mass of other mediums, and is waste to energy friendly.

Micro-Slabs

Specifically Designed for growing Microgreens!

- Material is clean and not a source of contamination
- Does not require sterilizing agents
- Promotes healthy and even germination
- Allows for immediate radicle penetration
- Material depth excellent for healthy root zone
- Easily wettable with long moisture retention
- Sustainable porosity allows for healthy root growth
- Fits standard 1020 trays

Hydro-Slabs

For Hydroponic Commercial Greenhouses

- Lightweight, easy to install
- Easily re-wettable
- Fast rooting 1-3 days
- Withstands overwatering
- Easy to flush if necessary
- High oxygen content
- Does not break down during growing season
- Available in all standard sizes

Savings & Benefits
